Notes from the Chaplain

In our darkest times we turn to God for deliverance!

We have in the past, so let us now and always turn towards GOD, humble ourselves and ask him to deliver us from our enemies. GOD will always hear us. Let us ask to be forgiven as we repent from our selfish ways. We must ask not what GOD can do for us but what can we do for GOD? As old soldiers we will always continue to serve, GOD, Country and our fellow Veterans. The ways we serve will always change due to our physical limitations. GOD will always empower us to serve him in all that we do and at times in ways we will not realize.

FATHER: Forgive us our sins, Help us to serve you, Teach us your ways through your word and your people, Heal our souls FATHER that we will know that you are with us, comfort us in our physical infirmities, empower us that we can better do your will. AMEN

GOD BLESS,

TTimmy
